## REOPENING SAFETY PROCEDURES

***A long term Distance Learning program will be offered to families that don't feel comfortable sending their students back to school. If you are interested in this program, please email [mgrant@lucerne.k12.ca.us](mailto:mgrant@lucerne.k12.ca.us)***

Students and staff will be required to wear a mask at all times. They will report directly to their classrooms when they enter campus. In classrooms with two doors, one will be an entrance and the other an exit

In grades K-1st, cubbies will be used to house personal items. In grades 2nd - 8th, desk hooks will be installed. Signage reminding students and staff of the expectations will be installed.

Upon entry, students will wash their hands and have their temperature taken. There will be 8 additional handwashing stations. Staff will complete a health screener, upon entry.

Breakfast will be delivered to the classroom in grades K-3rd. Grades 4th-8th will eat in the cafeteria. Library books will be delivered to the classroom. Recesses will be staggered, each class will have their own area to play.

In classes where the number of students cannot be decreased (6th - 8th) there will be partitions between students to increase classroom capacity

The lunch room and buses will be sanitized between groups. The classrooms will be sanitized daily. High touch surfaces and common items will be sanitized at least once a day.

- **Teachers will have a symptom checkoff sheet that will outline health criteria that will prompt a student to be sent home. There will be an isolation room available for students that meet the criteria.**
- **We will limit the number of on site visitors.**
- **There will be no field trips, assemblies, sports teams, drama, leadership, or in person conferences.**
- **If staff or students believe that they have been exposed to COVID-19 they should not return until 10 days after the symptoms started, have not had a fever for three days (without the use of medication), and symptoms have improved.**
